⁽¹⁾ Represents trailing twelve month coverage metrics as of September 30, 2023 for stable portfolio only. Agreements included represent 62% of total Seniors Housing Triplenet and Long-Term/Post-Acute Care In-Place NOI. See page 18 for a reconciliation. Agreements with mixed units use the predominant type based on investment balance.

⁽²⁾ Excludes all land parcels, developments and investments held for sale. Rental income represents annualized cash base rent for effective lease agreements. The amounts are derived from the current contracted monthly cash base rent, net of collectability reserves, if applicable. Rental income does not include common area maintenance charges, the amortization of above/below market lease intangibles or other non cash income. Interest income represents contractual rate of interest for loans, net of collectability reserves if applicable.

- (1) Represents principal amounts due excluding unamortized premiums/discounts or other fair value adjustments as reflected on the balance sheet.
- (2) Our unsecured commercial paper program and our unsecured revolving credit facility had a zero balance as of December 31, 2023. The unsecured revolving credit facility is comprised of a \$1,000,000,000,000 tranche that matures on June 4, 2026 and a \$3,000,000,000 tranche that matures on June 4, 2025. Both tranches may be extended for two successive terms of six months at our option. Commercial paper borrowings are backstopped by the unsecured revolving credit facility.
- (3) 2027 includes a \$1,000,000,000 unsecured term loan and a CAD \$250,000,000 unsecured term loan (approximately \$189,365,000 USD at December 31, 2023). The loans mature on July 19, 2026. The interest rates on the loans are adjusted SOFR + 0.85% for USD and CDOR + 0.85% for CAD. Both term loans may be extended for two successive terms of six months at our option.
- (4) 2027 includes CAD \$300,000,000 of 2.95% senior unsecured notes (approximately \$227,239,000 USD at December 31, 2023) that matures on January 15, 2027.
- (5) 2028 includes \$1,035,000,000 of 2.75% exchangeable senior unsecured notes that mature on May 15, 2028 unless earlier exchanged, purchased or redeemed.
- (6) 2028 includes £550,000,000 of 4.80% senior unsecured notes (approximately \$700,865,000 USD at December 31, 2023). The notes mature on November 20, 2028.
- (7) Thereafter includes £500,000,000 of 4.50% senior unsecured notes (approximately \$637,150,000 USD at December 31, 2023). The notes mature on December 1, 2034. (8) Excludes operating lease liabilities of \$303,553,000 and finance lease liabilities of \$79,677,000 related to ASC 842.
- (9) Based on variable interest rates and foreign currency exchange rates in effect as of December 31, 2023. The interest rate on the unsecured revolving credit facility is adjusted SOFR + 0.775%. Commercial paper, senior notes and secured debt average interest rate represents the face value note rate. Includes the impact of notional swaps and caps to convert fixed rate debt to SOFR-based floating rate debt, and SOFR-based floating rate debt and CDOR-based floating rate debt.
- (10) Represents notional value of foreign currency derivative contracts at end of period spot FX rates. The fair market value of the gains (losses) of these contracts is currently USD \$(10,811,000), as represented in other assets (liabilities) on the balance sheet. We supplement our local currency debt with foreign currency derivative contracts to offset the translation and economic exposures related to our international investments. Currently, our foreign currency derivatives are comprised of cross-currency swaps.

Age: Current year, less the year built, adjusted for major renovations. Average age is weighted by pro rata NOI.

Cap-ex, Tenant Improvements, Leasing Commissions: Represents amounts incurred for: 1) recurring and non-recurring capital expenditures required to maintain and re-tenant our properties; 2) second generation tenant improvements; and 3) leasing commissions paid to third party leasing agents to secure new tenants.

Construction Conversion: Represents completed construction projects that were placed into service and began generating NOI.

EBITDAR: Earnings before interest, taxes, depreciation, amortization and rent. The company uses unaudited, periodic financial information provided solely by tenants/borrowers to calculate EBITDAR and has not independently verified the information.

EBITDAR Coverage: Represents the ratio of EBITDAR to contractual rent for leases or interest and principal payments for loans. EBITDAR coverage is a measure of a property's ability to generate sufficient cash flows for the operator/borrower to pay rent and meet other obligations. The coverage shown excludes properties that are unstabilized, closed or for which data is not available or meaningful.

EBITDARM: Earnings before interest, taxes, depreciation, amortization, rent and management fees. The company uses unaudited, periodic financial information provided solely by tenants/borrowers to calculate EBITDARM and has not independently verified the information.

EBITDARM Coverage: Represents the ratio of EBITDARM to contractual rent for leases or interest and principal payments for loans. EBITDARM coverage is a measure of a property's ability to generate sufficient cash flows for the operator/borrower to pay rent and meet other obligations, assuming that management fees are not paid. The coverage shown excludes properties that are unstabilized, closed or for which data is not available or meaningful.

Health System - Affiliated: Outpatient medical properties are considered affiliated with a health system if one or more of the following conditions are met: 1) the land parcel is contained within the physical boundaries of a hospital campus; 2) the land parcel is located adjacent to the campus; 3) the building is physically connected to the hospital regardless of the land ownership structure; 4) a ground lease is maintained with a health system entity; 5) a master lease is maintained with a health system entity; 6) significant square footage is leased to a health system entity; 7) the property includes an ambulatory surgery center with a hospital partnership interest; or (8) a significant square footage is leased to a physician group that is either employed, directly or indirectly by a health system, or has a significant clinical and financial affiliation with the health system.

Long-Term/Post-Acute Care: Includes all skilled nursing, rehabilitation and long-term/post-acute care facilities where the majority of individuals require 24-hour nursing or medical care. Generally, these properties are licensed for Medicaid and/or Medicare reimbursement and are subject to triple-net operating leases. Most of these facilities focus on higher acuity patients and offer rehabilitation units specializing in cardiac, orthopedic, dialysis, neurological or pulmonary rehabilitation.

MSA: For the United States and Canada, we use the Metropolitan Statistical Area as defined by the U.S. Census Bureau and the Census Metropolitan Areas as defined by Statistics Canada, respectively. For the United Kingdom, we generally use the Metro Region as defined by EuroStat with Greater London defined as a 55-mile radius around the city's center.

Occupancy: Outpatient Medical occupancy represents the percentage of total rentable square feet leased and occupied, including month-to-month leases, as of the date reported. Occupancy for all other property types represents average quarterly operating occupancy based on the most recent quarter of available data and excludes properties that are unstabilized, closed or for which data is not available or meaningful. The company uses unaudited, periodic financial information provided solely by tenants/borrowers to calculate occupancy and has not independently verified the information. Occupancy metrics are reflected at our pro rata share.

Outpatient Medical: Outpatient medical buildings include properties offering ambulatory medical services such as primary and secondary care, outpatient surgery, diagnostic procedures and rehabilitation. These properties are typically affiliated with a health system and may be located on a hospital campus. They are specifically designed and constructed for use by health care professionals to provide services to patients. They also include medical office buildings that typically contain sole and group physician practices and may provide laboratory and other specialty services.

Seniors Housing Operating (SHO): Includes independent, assisted living and dementia care properties in the U.S. and Canada and all care homes in the U.K. structured to take advantage of the REIT Investment Diversification and Empowerment Act of 2007.

Seniors Housing Triple-net (SH-NNN): Includes independent, assisted living, and dementia care properties in the U.S. and Canada and all care homes in the U.K. subject to triple-net operating leases and loans receivable.

Square Feet: Net rentable square feet calculated utilizing Building Owners and Managers Association measurement standards.

Stable: Generally, a triple-net rental property is considered stable (versus unstabilized or under development) when it has achieved EBITDAR coverage of 1.00x or greater for three consecutive months or, if targeted performance has not been achieved, 12 months following the budgeted stabilization date. Triple-net properties for which income is recognized on a cash basis and for which substantially all contractual rent during the period has not been collected are excluded from the stable portfolio. A Seniors Housing Operating facility is considered stable upon the earliest of 90% occupancy, NOI at or above the underwritten target or 12 months past the underwritten stabilization date. Excludes assets held for sale and assets disposed of during the current quarter.

Unstabilized: An acquisition that does not meet the stable criteria upon closing or a construction property that has opened but not yet reached stabilization.

Supplemental Reporting Measures

We believe that revenues and net income, as defined by U.S. generally accepted accounting principles ("U.S. GAAP"), are the most appropriate earnings measurements. However, we consider EBITDA, Adjusted EBITDA, RevPOR, ExpPOR, SS RevPOR, SS ExpPOR, NOI, In-Place NOI ("IPNOI") and Same Store NOI ("SSNOI") to be useful supplemental measures of our operating performance. Excluding EBITDA and Adjusted EBITDA, these supplemental measures are disclosed on our pro rata ownership basis. Pro rata amounts are derived by reducing consolidated amounts for minority partners' noncontrolling ownership interests and adding our minority ownership share of unconsolidated amounts. We do not control unconsolidated investments. While we consider pro rata disclosures useful, they may not accurately depict the legal and economic implications of our joint venture arrangements and should be used with caution.

We define NOI as total revenues, including tenant reimbursements, less property operating expenses. Property operating expenses represent costs associated with managing, maintaining and servicing tenants for our properties. These expenses include, but are not limited to, propertyrelated payroll and benefits, property management fees paid to managers, marketing, housekeeping, food service, maintenance, utilities, property taxes and insurance. General and administrative expenses represent general overhead costs that are unrelated to property operations and are unallocable to the properties. These expenses include, but are not limited to, payroll and benefits related to corporate employees, professional services, office expenses and depreciation of corporate fixed assets. IPNOI represents NOI excluding interest income, other income and non-IPNOI and adjusted for timing of current quarter portfolio changes such as acquisitions, development conversions, segment transitions, dispositions and investments held for sale. SSNOI is used to evaluate the operating performance of our properties using a consistent population which controls for changes in the composition of our portfolio. As used herein, same store is generally defined as those revenue-generating properties in the portfolio for the relevant year-over-year reporting periods. Acquisitions and development conversions are included in the same store amounts five full quarters after acquisition or being placed into service. Land parcels, loans and sub-leases, as well as any properties sold or classified as held for sale during the period, are excluded from the same store amounts. Redeveloped properties (including major refurbishments of a Seniors Housing Operating property where 20% or more of units are simultaneously taken out of commission for 30 days or more or Outpatient Medical properties undergoing a change in intended use) are excluded from the same store amounts until five full quarters post completion of the redevelopment. Properties undergoing operator transitions and/or segment transitions are also excluded from the same store amounts until five full quarters post completion of the operator transition or segment transition. In addition, properties significantly impacted by force majeure, acts of God or other extraordinary adverse events are excluded from same store amounts until five full quarters after the properties are placed back into service. SSNOI excludes non-cash NOI and includes adjustments to present consistent property ownership percentages and to translate Canadian properties and UK properties using a consistent exchange rate. Normalizers include adjustments that in management's opinion are appropriate in considering SSNOI, a supplemental, non-GAAP performance measure. None of these adjustments, which may increase or decrease SSNOI, are reflected in our financial statements prepared in accordance with U.S. GAAP. Significant normalizers (defined as any that individually exceed 0.50% of SSNOI growth per property type) are separately disclosed and explained. We believe NOI, IPNOI and SSNOI provide investors relevant and useful information because they measure the operating performance of our properties at the property level on an unleveraged basis. We use NOI, IPNOI and SSNOI to make decisions about resource allocations and to assess the property level performance of our properties.

RevPOR represents the average revenues generated per occupied room per month and ExpPOR represents the average expenses per occupied room at our Seniors Housing Operating properties. These metrics are calculated as our pro rata version of total resident fees and services revenues or property operating expenses from the income statement divided by average monthly occupied room days. SS RevPOR and SS ExpPOR are used to evaluate the RevPOR and ExpPOR performance of our properties under a consistent population which eliminates changes in the composition of our portfolio. They are based on the same pool of properties used for SSNOI and includes any revenue or expense normalizations used for SSNOI. We use RevPOR, ExpPOR, SS RevPOR and SS ExpPOR to evaluate the revenue-generating capacity and profit potential of our Seniors Housing Operating portfolio independent of fluctuating occupancy rates. They are also used in comparison against industry and competitor statistics, if known, to evaluate the quality of our Seniors Housing Operating portfolio.

We measure our credit strength both in terms of leverage ratios and coverage ratios. The leverage ratios indicate how much of our balance sheet capitalization is related to long-term debt, net of cash and restricted cash. We expect to maintain capitalization ratios and coverage ratios sufficient to maintain a capital structure consistent with our current profile. The ratios are based on EBITDA and Adjusted EBITDA. EBITDA is defined as earnings (net income per income statement) before interest expense, income taxes, depreciation and amortization. Adjusted EBITDA is defined as EBITDA excluding unconsolidated entities and including adjustments for stock-based compensation expense, provision for loan losses, gains/losses on extinguishment of debt, gains/losses/impairments on properties, gains/losses on derivatives and financial instruments, other expenses, other impairment charges and other adjustments deemed appropriate in management's opinion. We believe that EBITDA and Adjusted EBITDA, along with net income, are important supplemental measures because they provide additional information to assess and evaluate the performance of our operations. We primarily use these measures to determine our interest coverage ratio, which represents EBITDA and Adjusted EBITDA divided by total interest, and our fixed charge coverage ratio, which represents EBITDA and Adjusted EBITDA divided by fixed charges, Fixed charges include total interest and secured debt principal amortization. Our leverage ratios include net debt to Adjusted EBITDA, book capitalization, undepreciated book capitalization and market capitalization. Book capitalization represents the sum of net debt (defined as total long-term debt, excluding operating lease liabilities, less cash and cash equivalents and restricted cash), total equity and redeemable noncontrolling interests. Undepreciated book capitalization represents book capitalization adjusted for accumulated depreciation and amortization. Market capitalization represents book capitalization adjusted for the fair market value of our common stock. Our leverage ratios are defined as the proportion of net debt to total capitalization.

Our supplemental reporting measures and similarly entitled financial measures are widely used by investors, equity and debt analysts and rating agencies in the valuation, comparison, rating and investment recommendations of companies. Our management uses these financial measures to facilitate internal and external comparisons to historical operating results and in making operating decisions. Additionally, these measures are utilized by the Board of Directors to evaluate management. None of the supplemental reporting measures represent net income or cash flow provided from operating activities as determined in accordance with U.S. GAAP and should not be considered as alternative measures of profitability or liquidity. Finally, the supplemental reporting measures, as defined by us, may not be comparable to similarly entitled items reported by other real estate investment trusts or other companies. Multi-period amounts may not equal the sum of the individual quarterly amounts due to rounding.

Forward-Looking Statement and Risk Factors

Forward-Looking Statements and Risk Factors

This document contains "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. When Welltower uses words such as "may," "will," "intend," "should," "believe," "expect," "anticipate," "project," "pro forma," "estimate" or similar expressions that do not relate solely to historical matters, Welltower is making forward-looking statements. Forward-looking statements are not guarantees of future performance and involve risks and uncertainties that may cause Welltower's actual results to differ materially from Welltower's expectations discussed in the forward-looking statements. This may be a result of various factors, including, but not limited to: the status of the economy; the status of capital markets, including availability and cost of capital; issues facing the health care industry, including compliance with, and changes to, regulations and payment policies, responding to government investigations and punitive settlements and operators'/tenants' difficulty in cost effectively obtaining and maintaining adequate liability and other insurance; changes in financing terms; competition within the health care and seniors housing industries; negative developments in the operating results or financial condition of operators/tenants, including, but not limited to, their ability to pay rent and repay loans; Welltower's ability to transition or sell properties with profitable results; the failure to make new investments or acquisitions as and when anticipated; natural disasters, health emergencies (such as the COVID-19 pandemic) and other acts of God affecting Welltower's properties; Welltower's ability to re-lease space at similar rates as vacancies occur; Welltower's ability to timely reinvest sale proceeds at similar rates to assets sold; operator/tenant or joint venture partner bankruptcies or insolvencies; the cooperation of joint venture partners; government regulations affecting Medicare and Medicaid reimbursement rates and operational requirements; liability or contract claims by or against operators/tenants; unanticipated difficulties and/or expenditures relating to future investments or acquisitions; environmental laws affecting Welltower's properties; changes in rules or practices governing Welltower's financial reporting; the movement of U.S. and foreign currency exchange rates; Welltower's ability to maintain its qualification as a REIT; key management personnel recruitment and retention; and other risks described in Welltower's reports filed from time to time with the SEC. Welltower undertakes no obligation to update or revise publicly any forward-looking statements, whether because of new information, future events or otherwise, or to update the reasons why actual results could differ from those projected in any forwardlooking statements.
