Notes:

(1) Indicates the total square footage of Outpatient Medical.

(2) See pages 22 and 23 for reconciliation.

(3) Excludes land parcels, loans, developments and investments held for sale. See page 22 for reconciliation.

(4) Same store NOI for these property types represents rent cash receipts excluding the impact of expansions.

(5) Data as of June 30, 2019 for Seniors Housing Operating and Outpatient Medical and March 31, 2019 for remaining asset types.

(6) Represents trailing twelve month coverage metrics.

(7) Represents various federal and local reimbursement programs in the United Kingdom and Canada.

Notes:

See pages 22 and 23 for reconciliation.
 Represents In-Place Portfolio.

(3) Welltower ownership percentage weighted based on In-Place NOI. See page 22 for reconciliation.
 (4) Includes 16 properties transitioned to Frontier Management and 11 properties transitioned to a triple-net lease effective July 1, 2019.

#### New Supply in Our US Seniors Housing Operating Portfolio

We have strategically acquired and developed properties in major US metro markets that benefit from population growth and density, affluence, job growth, and higher barriers to entry. New supply in a 3-mile ring around our properties potentially impacts just 4.1% of our total annualized In-Place NOI (IPNOI).

#### Notes:

Based on historical drawing patterns in our portfolio, a 3-mile ring is appropriate for most urban markets, which accounts for the vast majority of our portfolio. A 5-mile ring is appropriate for most urban markets. A larger ring is appropriate for rural markets. Each market is unique due to population density, town lines, geographic barriers, and roads/infrastructure. In the interest of simplicity, we have applied a 3-mile competitive ring to all of our properties given the preponderance of urban locations. We have also included a sensitivity with a 5-mile ring.
 Represents annualized IPNOI. See pages 2 and 22 for a reconciliation.

(3) Construction data provided by NIC, reflects competitive seniors housing properties within 3 miles of Welltower SHO properties for US markets.

(4) Reflects annualized IPNOI for Welltower SHO properties within 3 miles of new construction for the component of our project that potentially competes with the project under construction.
 (5) Total population and 75+ population growth data represents simple averages of Claritas estimates for 2019-2024.

(6) Average population density data represents average population per square mile within a 3-mile ring based on 2019 Claritas estimates.

(7) Household income and household value data are medians weighted by IPNOI.

(8) NIC MAP Data and Analysis Service, 2Q19. Net inventory growth is calculated at the MSA level based on historical deletions from inventory and a 5-6 quarter construction period to reflect our urban locations. Total - Top 25 Net Inventory Growth weighted by IPNOI.

(9) Annual job growth data represents MSA level growth from May 2018-May 2019 per Bureau of Labor Statistics. Total - Top 25 Estimated Annual Job Growth weighted by IPNOI (10) Reflects net inventory growth for NIC Top 99 Markets.

#### New Supply in Our US Seniors Housing Operating Portfolio

We have strategically acquired and developed properties in major US metro markets that benefit from population growth and density, affluence, job growth, and higher barriers to entry. New supply in a 5-mile ring around our properties potentially impacts just 7.3% of our total annualized In-Place NOI (IPNOI).

Notes:

(1) Based on historical drawing patterns in our portfolio, a 3-mile ring is appropriate for most urban markets, which accounts for the vast majority of our portfolio. A 5-mile ring is appropriate for most suburban markets. A larger ring is appropriate for rural markets. Each market is unique due to population density, town lines, geographic barriers, and roads/infrastructure. In the interest of simplicity, we have applied a 3-mile competitive ring to all of our properties given the preponderance of urban locations. We have also included a sensitivity with a 5-mile ring.

Represents annualized IPNOI. See pages 2 and 22 for a reconciliation.
 Construction data provided by NIC, reflects competitive seniors housing properties within 5 miles of Welltower SHO properties for US markets.

(4) Reflects annualized IPNOI for Welltower SHO properties within 5 miles of new construction for the component of our project that potentially competes with the project under construction.
 (5) Total population and 75+ population growth data represents simple averages of Claritas estimates for 2019-2024.

(6) Average population density data represents average population per square mile within a 5-mile ring based on 2019 Claritas estimates.

(7) Household income and household value data are medians weighted by IPNOI.

(1) Hodeshold means and hodeshold mean of the data weighted by invol.
 (8) NIC MAP Data and Analysis Service, 2Q19. Net inventory growth is calculated at the MSA level based on historical deletions from inventory and a 5-6 quarter construction period to reflect

our urban locations. Total - Top 25 Net Inventory Growth weighted by IPNOI.

(9) Annual job growth data represents MSA level growth from May 2018-May 2019 per Bureau of Labor Statistics. Total -Top 25 Estimated Annual Job Growth weighted by IPNOI.

(10) Reflects net inventory growth for NIC Top 99 Markets.

(Currency amounts in thousands, except per unit and REVPOR. Company amounts at Welltower pro rata ownership. DNA = data not available.)

SSNOI growth		(2.4)%		DNA

Notes:

(1) Property age, housing value and household income are NOI weighted as of June 30, 2019. The median housing value and household income is used for the US, and the average housing value and household income is used for the UK and Canada. Housing value, household income and population growth are based on a 3-mile radius. Growth figures represent performance of Welltower's same store portfolio for current quarter. See page 24 for reconciliations.

(2) Property age, REVPOR and REVPOR growth per 2Q19 NIC MAP for Majority AL Properties in the primary and secondary markets; AMR is used as a proxy for REVPOR; population growth reflects 2019-2024 Claritas projections; housing value and household income are the US median per Claritas 2019; NOI per unit per The State of Seniors Housing 2018 and represents 2017 results.

(3) REVPOR is based on total 2Q19 results. See page 24 for reconciliation.

(4) SSNOI per unit represents the SSNOI per unit available based on trailing four quarters for those properties in the portfolio for 15 months preceding the end of the current portfolio performance period. SSNOI per unit for UK portfolio in GBP calculated by taking SSNOI per unit in USD divided by a standardized GBP/USD rate of 1.31. SSNOI per unit for Canadian portfolio in CAD calculated by taking SSNOI per unit in USD divided by a standardized USD/CAD rate of 1.32. See page 24 for reconciliation.

(5) Property age, units per property, REVPOR, REVPOR growth and NOI per Unit derived from LaingBuisson, Care of Older People UK Market Report 29th Edition; population growth reflects 2018-2023 CACI projections; housing value represents UK average per CACI 2018.

(6) Population growth reflects 2018-2023 Environics projection; housing value and household income represents Canadian average per Environics WealthScapes 2018; REVPOR and REVPOR growth are calculated weighted averages from 2019 CMHC Seniors Housing reports from each province.

#### Notes:

(1) Represents trailing twelve month coverage metrics as of March 31, 2019 for stable portfolio only, adjusted for the lease restructurings noted on page 23. Agreements included represent 89% of total Seniors Housing Triple-net and Long-Term/Post-Acute Care In-Place NOI. See page 22 for a reconciliation. Agreements with mixed units use the predominant type based on investment balance.

(2) Excludes all land parcels, developments and investments held for sale. Rental income represents annualized cash base rent for effective lease agreements. The amounts are derived from the current contracted monthly cash base rent, net of collectability reserves, if applicable. Rental income does not include common area maintenance charges, the amortization of above/below market lease intangibles, or other non cash income. Interest income represents contractual rate of interest for loans, net of collectability reserves if applicable.

Notes:

(1) Amounts represent purchase price excluding accounting adjustments pursuant to U.S. GAAP for all consolidated and unconsolidated property acquisitions. Yield represents annualized contractual or projected cash rent/NOI to be generated divided by investment amount, excluding land parcels.

(2) Amounts represent cash funded and capitalized interest for all developments/expansions including construction in progress, loans and in-substance real estate. Yield represents projected annualized cash rent/NOI to be generated upon conversion/stabilization divided by commitment amount.

(3) Amounts represent proceeds received for loan payoffs and consolidated and unconsolidated property sales. Yield represents annualized cash rent/interest/NOI that was being generated pre-disposition divided by proceeds.

(dollars in thousands, except per bed / unit / square foot, at Welltower pro rata ownership)

Committed balances	\$	1,143,433		
Projected yield		7.5%	0	
Projected NOI	\$	85,757		
Common Shares Outstanding		405,254		

Notes:

(1) Includes \$8,909,000 attributable to our proportional share of income from unconsolidated management company investments.

(2) See page 22 for reconciliation.

(3) Represents incremental NOI from Seniors Housing Operating lease-up properties.

(4) Represents principal amounts due and do not include unamortized premiums/discounts, deferred loan expenses or other fair value adjustments as reflected on the balance sheet. Includes \$1,300,683,000 of foreign secured debt.

(5) Includes liabilities / (assets) that impact cash or NOI and excludes non-real estate loans and non-cash items such as the following:

Unearned revenues	\$ 226,427
Below market tenant lease intangibles, net	48,935
Deferred taxes, net	(19,866)
Available-for-sale equity investments	(11,860)
In place lease intangibles, net	(48,439)
Other non-cash liabilities / (assets), net	2,868
Total non-cash liabilities/(assets), net	\$ 198,065

(6) Represents \$437,251,000 of real estate loans excluding development loans and net of \$68,372,000 of allowance for loan losses.

(7) Average cash-pay interest rates are 8.0% and 6.0% for real estate and non real estate loans, respectively. Rates exclude non-accrual/interest-free loans.

(8) Represents fair value estimate of unconsolidated equity investments including Genesis HealthCare stock and a management company investments not reflected in IPNOI. (9) Represents expected proceeds from assets held for sale.

(10) See pages 13-14. Also includes expansion projects.

Notes:

(1) Represents principal amounts due excluding unamortized premiums/discounts or other fair value adjustments as reflected on the balance sheet.

(2) The 2019 maturity reflects the \$935,000,000 in principal outstanding on our unsecured commercial paper program as of June 30, 2019. The 2023 maturity reflects the \$935,000,000 in principal outstanding on our unsecured revolving credit facility that matures on July 19, 2022 (with an option to extend for two successive terms of six months each at our discretion). These borrowings reduce the available borrowing capacity of our unsecured revolving credit facility, the weighted average years to maturity of our combined debt would be 7.2 years with extensions.

(3) 2020 includes CAD \$300,000,000 of 3.35% senior unsecured notes (approximately \$229,165,000 USD at June 30, 2019) that matures on November 25, 2020 and a \$1,000,000,000 unsecured term loan facility that matures on May 28, 2020 which was put in place to bridge the acquisition of the CNL Healthcare Properties portfolio. The unsecured term loan facility was subsequently extinguished in July 2019 with proceeds from the disposition of the Benchmark Senior Living portfolio.

(4) 2023 includes a \$500,000,000 term loan and a CAD \$250,000,000 unsecured term loan (approximately \$190,971,000 USD at June 30, 2019). The loans mature on July 19, 2023. The interest rates on the loans are LIBOR + 0.9% for USD and CDOR + 0.9% for CAD.

(5) 2028 includes £550,000,000 of 4.80% senior unsecured notes (approximately \$698,720,000 USD at June 30, 2019). The notes mature on November 20, 2028.

(6) Thereafter includes £500,000,000 of 4.50% senior unsecured notes (approximately \$635,200,000 USD at June 30, 2019). The notes mature on December 1, 2034.

(7) Excludes operating lease liabilities of \$360,298,000 and finance lease liabilities of \$108,731,000 related to ASC 842 adoption.

(8) The interest rate on the unsecured revolving credit facility is 1-month LIBOR + 0.825%. Commercial paper, senior notes and secured debt average interest rate represents the face value note rate.

(9) Represents notional value of foreign currency derivative contracts at end of period spot FX rates. The fair market value of the gains (losses) of these contracts is currently USD \$62,552,000, as represented in other assets (liabilities) on the balance sheet. We supplement our local currency debt with foreign currency derivative contracts to offset the translation and economic exposures related to our international investments. Currently, our foreign currency derivatives are comprised of forward contracts and cross-currency swaps.

Age: Current year, less the year built, adjusted for major renovations. Average age is weighted by pro rata NOI.

**Cap-ex, Tenant Improvements, Leasing Commissions:** Represents amounts paid in cash for: 1) recurring and non-recurring capital expenditures required to maintain and re-tenant our properties; 2) second generation tenant improvements; and 3) leasing commissions paid to third party leasing agents to secure new tenants.

Construction Conversion: Represents completed construction projects that were placed into service and began generating NOI.

**EBITDAR:** Earnings before interest, taxes, depreciation, amortization and rent. The company uses unaudited, periodic financial information provided solely by tenants/borrowers to calculate EBITDAR and has not independently verified the information.

**EBITDAR Coverage:** Represents the ratio of EBITDAR to contractual rent for leases or interest and principal payments for loans. EBITDAR coverage is a measure of a property's ability to generate sufficient cash flows for the operator/borrower to pay rent and meet other obligations. The coverage shown excludes properties that are unstabilized, closed or for which data is not available or meaningful.

**EBITDARM:** Earnings before interest, taxes, depreciation, amortization, rent and management fees. The company uses unaudited, periodic financial information provided solely by tenants/borrowers to calculate EBITDARM and has not independently verified the information.

**EBITDARM Coverage:** Represents the ratio of EBITDARM to contractual rent for leases or interest and principal payments for loans. EBITDARM coverage is a measure of a property's ability to generate sufficient cash flows for the operator/borrower to pay rent and meet other obligations, assuming that management fees are not paid. The coverage shown excludes properties that are unstabilized, closed or for which data is not available or meaningful.

Health System: Includes independent, assisted living, dementia care and long-term post-acute care properties subject to triple-net operating leases to or guaranteed by investment-grade health systems.

**Health System - Affiliated:** Outpatient medical properties are considered affiliated with a health system if one or more of the following conditions are met: 1) the land parcel is contained within the physical boundaries of a hospital campus; 2) the land parcel is located adjacent to the campus; 3) the building is physically connected to the hospital regardless of the land ownership structure; 4) a ground lease is maintained with a health system entity; 5) a master lease is maintained with a health system entity; 6) significant square footage is leased to a health system entity; 7) the property includes an ambulatory surgery center with a hospital partnership interest; or (8) a significant square footage is leased to a physician group that is either employed, directly or indirectly by a health system, or has a significant clinical and financial affiliation with the health system.

**Long-Term/Post-Acute Care:** Includes all skilled nursing, rehabilitation and long-term acute-care facilities where the majority of individuals require 24-hour nursing or medical care. Generally, these properties are licensed for Medicaid and/or Medicare reimbursement and are subject to triple-net operating leases. Most of these facilities focus on higher acuity patients and offer rehabilitation units specializing in cardiac, orthopedic, dialysis, neurological or pulmonary rehabilitation.

**MSA:** For the United States and Canada, we use the Metropolitan Statistical Area as defined by the U.S. Census Bureau and the Census Metropolitan Areas as defined by Statistics Canada, respectively. For the United Kingdom, we generally use the Metro Region as defined by EuroStat with Greater London defined as a 55-mile radius around the city's center.

**Occupancy:** Outpatient medical occupancy represents the percentage of total rentable square feet leased and occupied, including month-to-month leases, as of the date reported. Occupancy for all other property types represents average quarterly operating occupancy based on the most recent quarter of available data and excludes properties that are unstabilized, closed or for which data is not available or meaningful. The company uses unaudited, periodic financial information provided solely by tenants/borrowers to calculate occupancy and has not independently verified the information.

**Outpatient Medical:** Outpatient medical buildings include properties offering ambulatory medical services such as primary and secondary care, outpatient surgery, diagnostic procedures and rehabilitation. These properties are typically affiliated with a health system and may be located on a hospital campus. They are specifically designed and constructed for use by health care professionals to provide services to patients. They also include medical office buildings that typically contain sole and group physician practices and may provide laboratory and other specialty services.

Seniors Housing Operating (SHO): Includes independent, assisted living, and dementia care properties in the U.S. and Canada and all care homes in the U.K. structured to take advantage of the REIT Investment Diversification and Empowerment Act of 2007.

Seniors Housing Triple-net (SH-NNN): Includes independent, assisted living, and dementia care properties in the U.S. and Canada and all care homes in the U.K. subject to triple-net operating leases and loans receivable.

Square Feet: Net rentable square feet calculated utilizing Building Owners and Managers Association measurement standards.

**Stable:** Generally, a triple-net rental property is considered stable (versus unstabilized or under development) when it has achieved EBITDAR coverage of 1.00x or greater for three consecutive months or, if targeted performance has not been achieved, 12 months following the budgeted stabilization date. A seniors housing operating facility is considered stable upon the earliest of 90% occupancy, NOI at or above the underwritten target or 24 months past the closing date (for acquisitions) or the open date (for development). Excludes assets held for sale and assets disposed of during the current quarter.

Unstabilized: An acquisition that does not meet the stable criteria upon closing or a construction property that has opened but not yet reached stabilization.

We believe that revenues and net income, as defined by U.S. generally accepted accounting principles (U.S. GAAP), are the most appropriate earnings measurements. However, we consider EBITDA, Adjusted EBITDA, REVPOR, SS REVPOR, NOI, In-Place NOI (IPNOI) and SSNOI to be useful supplemental measures of our operating performance. Excluding EBITDA and Adjusted EBITDA, these supplemental measures are disclosed on our pro rata ownership basis. Pro rata amounts are derived by reducing consolidated amounts for minority partners' noncontrolling ownership interests and adding our minority ownership share of unconsolidated amounts. We do not control unconsolidated investments. While we consider pro rata disclosures useful, they may not accurately depict the legal and economic implications of our joint venture arrangements and should be used with caution.

We define NOI as total revenues, including tenant reimbursements, less property operating expenses. Property operating expenses represent costs associated with managing, maintaining and servicing tenants for our properties. These expenses include, but are not limited to, property-related payroll and benefits, property management fees paid to operators, marketing, housekeeping, food service, maintenance, utilities, property taxes and insurance. General and administrative expenses represent costs unrelated to property operations or transaction costs. These expenses include, but are not limited to, payroll and benefits, professional services, office expenses and depreciation of corporate fixed assets, IPNOI represents NOI excluding interest income, other income and non-IPNOI and adjusted for timing of current guarter portfolio changes such as acquisitions, development conversions, segment transitions, dispositions and investments held for sale. SSNOI is used to evaluate the operating performance of our properties using a consistent population which controls for changes in the composition of our portfolio. As used herein, same store is generally defined as those revenue-generating properties in the portfolio for the relevant year-over-year reporting periods. Land parcels, loans, and sub-leases as well as any properties acquired, developed/redeveloped (including major refurbishments where 20% or more of units are simultaneously taken out of commission for 30 days or more), sold or classified as held for sale during that period are excluded from the same store amounts. Properties undergoing operator transitions and/or segment transitions (except Seniors Housing Triple-net to Seniors Housing Operating with the same operator) are also excluded from the same store amounts. Normalizers include adjustments that in management's opinion are appropriate in considering SSNOI, a supplemental, non-GAAP performance measure. None of these adjustments, which may increase or decrease SSNOI, are reflected in our financial statements prepared in accordance with U.S. GAAP. Significant normalizers (defined as any that individually exceed 0.50% of SSNOI growth per property type) are separately disclosed and explained. We believe NOI, IPNOI and SSNOI provide investors relevant and useful information because they measure the operating performance of our properties at the property level on an unleveraged basis. We use NOI, IPNOI and SSNOI to make decisions about resource allocations and to assess the property level performance of our properties.

REVPOR represents the average revenues generated per occupied room per month at our Seniors Housing Operating properties. It is calculated as our pro rata version of total resident fees and services revenues from the income statement divided by average monthly occupied room days. SS REVPOR is used to evaluate the REVPOR performance of our properties under a consistent population which eliminates changes in the composition of our portfolio. It is based on the same pool of properties used for SSNOI and includes any revenue normalizations used for SSNOI. We use REVPOR and SS REVPOR to evaluate the revenue-generating capacity and profit potential of our Seniors Housing Operating portfolio independent of fluctuating occupancy rates. They are also used in comparison against industry and competitor statistics, if known, to evaluate the quality of our Seniors Housing Operating portfolio.

We measure our credit strength both in terms of leverage ratios and coverage ratios. The leverage ratios indicate how much of our balance sheet capitalization is related to long-term debt, net of cash and Internal Revenue Code ("IRC") Section 1031 deposits. We expect to maintain capitalization ratios and coverage ratios sufficient to maintain a capital structure consistent with our current profile. The coverage ratios are based on EBITDA which stands for earnings (net income per income statement) before interest expense, income taxes, depreciation and amortization. Covenants in our senior unsecured notes and primary credit facility contain financial ratios based on a definition of EBITDA that is specific to those agreements. Failure to satisfy these covenants could result in an event of default that could have a material adverse impact on our cost and availability of capital, which could in turn have a material adverse impact on our consolidated results of operations, liquidity and/or financial condition. Due to the materiality of these debt agreements and the financial covenants, we have defined Adjusted EBITDA to exclude unconsolidated entities and to include adjustments for stock-based compensation expense, provision for loan losses, gains/losses on extinguishment of debt, gains/losses/ impairments on properties, gains/losses on derivatives and financial instruments, other expenses, and additional other income. We believe that EBITDA and Adjusted EBITDA, along with net income and cash flow provided from operating activities, are important supplemental measures because they provide additional information to assess and evaluate the performance of our operations. We primarily utilize them to measure our interest coverage ratio, which represents EBITDA and Adjusted EBITDA divided by total interest, and our fixed charge coverage ratio, which represents EBITDA and Adjusted EBITDA divided by fixed charges. Fixed charges include total interest, secured debt principal amortization and preferred dividends. Our leverage ratios include net debt to Adjusted EBITDA, book capitalization, undepreciated book capitalization and market capitalization. Book capitalization represents the sum of net debt (defined as total long-term debt, excluding operating lease liabilities, less cash and cash equivalents and any IRC Section 1031 deposits), total equity and redeemable noncontrolling interests. Undepreciated book capitalization represents book capitalization adjusted for accumulated depreciation and amortization. Market capitalization represents book capitalization adjusted for the fair market value of our common stock. Our leverage ratios are defined as the proportion of net debt to total capitalization.

Our supplemental reporting measures and similarly entitled financial measures are widely used by investors, equity and debt analysts and rating agencies in the valuation, comparison, rating and investment recommendations of companies. Our management uses these financial measures to facilitate internal and external comparisons to historical operating results and in making operating decisions. Additionally, these measures are utilized by the Board of Directors to evaluate management. None of the supplemental reporting measures represent net income or cash flow provided from operating activities as determined in accordance with U.S. GAAP and should not be considered as alternative measures of profitability or liquidity. Finally, the supplemental reporting measures, as defined by us, may not be comparable to similarly entitled items reported by other real estate investment trusts or other companies. Multi-period amounts may not equal the sum of the individual quarterly amounts due to rounding.

(4) Includes where appropriate adjustments to reflect consistent property ownership percentages, to translate Canadian properties at a USD/CAD rate of 1.32 and to translate UK properties at a GBP/USD rate of 1.31.

(5) Represents the revenues and NOI of certain properties that were converted from Seniors Housing Triple-net to Seniors Housing Operating with the same operator. Amounts derived from unaudited operating results provided by the operator and were not a component of WELL earnings.

(6) Represents aggregate normalizing adjustments which are individually less than .50% of SSNOI growth.

(7) Represents SS SHO revenues/SSNOI at Welltower pro rata ownership. See page 23 for more information.

(8) Represents average occupied units for SS properties related solely to referenced country on a pro rata basis.

(9) Represents pro rata SS average revenues generated per occupied room per month.

(10) Represents average units in service for SS properties related solely to referenced country on a pro rata basis.

## Forward-Looking Statement and Risk Factors

### **Forward-Looking Statements and Risk Factors**

This document contains "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. When we use words such as "may," "will," "intend," "should," "believe," "expect," "anticipate," "project," "estimate" or similar expressions that do not relate solely to historical matters, we are making forward-looking statements. In particular, these forward-looking statements include, but are not limited to, those relating to our opportunities to acquire, develop or sell properties; our ability to close anticipated acquisitions, investments or dispositions on currently anticipated terms, or within currently anticipated timeframes; the expected performance of our operators/tenants and properties; our expected occupancy rates; our ability to declare and to make distributions to shareholders; our investment and financing opportunities and plans; our continued qualification as a real estate investment trust ("REIT"); our ability to access capital markets or other sources of funds; and our ability to meet our earnings guidance. Forward-looking statements are not guarantees of future performance and involve risks and uncertainties that may cause our actual results to differ materially from our expectations discussed in the forward-looking statements. This may be a result of various factors, including, but not limited to: the status of the economy; the status of capital markets, including availability and cost of capital; uncertainty from the expected discontinuance of LIBOR and the transition to any other interest rate benchmark; issues facing the health care industry, including compliance with, and changes to, regulations and payment policies, responding to government investigations and punitive settlements and operators'/tenants' difficulty in cost-effectively obtaining and maintaining adequate liability and other insurance; changes in financing terms; competition within the health care and seniors housing industries; negative developments in the operating results or financial condition of operators/tenants, including, but not limited to, their ability to pay rent and repay loans; our ability to transition or sell properties with profitable results; the failure to make new investments or acquisitions as and when anticipated; natural disasters and other acts of God affecting our properties; our ability to re-lease space at similar rates as vacancies occur; our ability to timely reinvest sale proceeds at similar rates to assets sold; operator/tenant or joint venture partner bankruptcies or insolvencies; the cooperation of joint venture partners; government regulations affecting Medicare and Medicaid reimbursement rates and operational requirements; liability or contract claims by or against operators/tenants; unanticipated difficulties and/or expenditures relating to future investments or acquisitions; environmental laws affecting our properties; changes in rules or practices governing our financial reporting; the movement of U.S. and foreign currency exchange rates; our ability to maintain our qualification as a REIT; key management personnel recruitment and retention; and other risks described in our reports filed from time to time with the Securities and Exchange Commission ("SEC"). Finally, we undertakes no obligation to update or revise publicly any forwardlooking statements, whether because of new information, future events or otherwise, or to update the reasons why actual results could differ from those projected in any forward-looking statements.

### **Additional Information**

The information in this supplemental information package should be read in conjunction with our Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, our earnings press release dated July 31, 2019 and other information filed with, or furnished to, the SEC. The Supplemental Reporting Measures and reconciliations of Non-GAAP measures are an integral part of the information presented herein.

You can access our Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Exchange Act at www.welltower.com as soon as reasonably practicable after they are filed with, or furnished to, the SEC. You can also review these SEC filings and other information by accessing the SEC's website at http://www.sec.gov. We routinely post important information on our website at www.welltower.com in the "Investors" section, including corporate and investor presentations and financial information. We intend to use our website as a means of disclosing material, non-public information and for complying with our disclosure obligations under Regulation FD. Such disclosures will be included on our website under the heading "Investors." Accordingly, investors should monitor such portion of our website in addition to following our press releases, public conference calls and filings with the SEC. The information on or connected to our website is not, and shall not be deemed to be, a part of, or incorporated into this supplemental information package.
