Notes:

(1) Includes land parcels and properties under development.

(2) Indicates the total square footage of Outpatient Medical properties.

(3) See pages 19 and 20 for reconciliation.

(4) Excludes land parcels, loans, developments and investments held for sale. See page 19 for reconciliation.

(5) Same store NOI for these property types represents cash rent excluding the impact of expansions.

(6) Data as of September 30, 2022 for Seniors Housing Operating and Outpatient Medical and June 30, 2022 for remaining asset types.

(7) Represents trailing twelve month coverage metrics.

(8) Represents various federal and local reimbursement programs in the United Kingdom and Canada.

Notes:

Represents trailing twelve month coverage metrics as of June 30, 2022 for stable portfolio only. Agreements included represent 85% of total Seniors Housing Triple-net and Long-Term/Post-Acute Care In-Place NOI. See page 19 for a reconciliation. Agreements with mixed units use the predominant type based on investment balance.
 Excludes all land parcels, developments and investments held for sale. Rental income represents annualized cash base rent for effective lease agreements. The amounts are derived from the current contracted monthly cash base rent, net of collectability reserves, if applicable. Rental income does not include common area maintenance charges, the amortization of above/below market lease intangibles or other non cash income. Interest income represents contractual rate of interest for loans, net of collectability

reserves if applicable.

Notes:

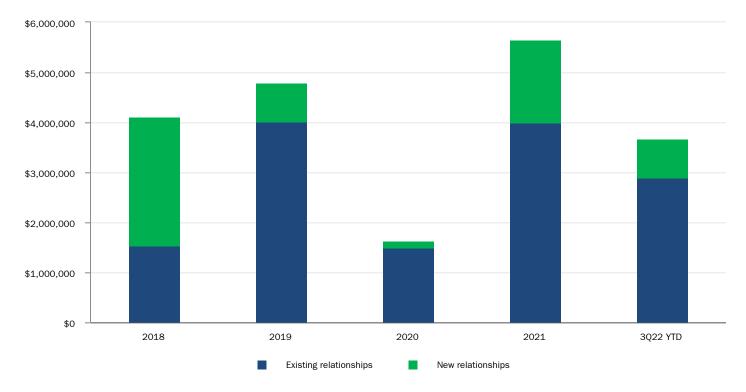

(1) Property count, occupancy, square feet and per square foot metrics exclude properties under development and all land parcels. Per square foot amounts are annualized. (2) Includes 354 same store properties representing 16,968,378 square feet. See pages 19 and 20 for reconciliation.

(3) Excludes all land parcels, developments and investments held for sale. Rental income represents annualized cash base rent for effective lease agreements. The amounts are derived from the current contracted monthly cash base rent, net of collectability reserves, if applicable. Rental income does not include common area maintenance charges, the amortization of above/below market lease intangibles or other non cash income. Retention includes month-to-month tenants retained.

(4) Excludes tenant managed properties.

Notes:

(1) Acquisitions represent purchase price excluding accounting adjustments pursuant to U.S. GAAP for all consolidated and unconsolidated property acquisitions and pro rata amounts include joint venture real estate loans receivable. Loan advances represent cash funded for real estate and non-real estate loans receivable, excluding development loans. Includes acquisition of additional ownership interest in existing properties which are excluded from property, unit and per unit metrics.

(2) Acquisition yields represents annualized contractual or projected cash rent/NOI to be generated divided by investment amount, excluding land parcels. Loan funding yield represents annualized contractual interest divided by investment amount.

(3) Amounts represent cash funded and capitalized interest for all developments/expansions including construction in progress, loans and in-substance real estate. Yield represents projected annualized cash rent/NOI to be generated upon conversion/stabilization divided by commitment amount.

(4) Amounts represent proceeds received for loan payoffs and consolidated and unconsolidated property sales.
(5) Yield represents annualized cash rent/interest/NOI that was being generated pre-disposition divided by proceeds. Pro rata amounts include joint venture real estate loans receivable.

Linit Mix

Note:

(1) Includes development projects (construction in progress, development loans and in-substance real estate) and excludes redevelopments and expansion projects. Commitment amount represents current balances plus capitalized interest and unfunded commitments to complete development.

(2) Relates to ten properties, with a weighted-average ownership of 37%.

(3) Estimated conversion ranges relate to projects to be delivered in phases.

Notes:

(1) Includes \$15,081,000 attributable to our proportional share of income from unconsolidated management company investments.

(2) See page 19 for reconciliation.(3) Represents incremental NOI from Seniors Housing Operating unstabilized properties.

(4) Represents principal amounts due and do not include unamortized premiums/discounts, deferred loan expenses or other fair value adjustments as reflected on the balance sheet. Includes \$1,047,108,000 of foreign secured debt.

(5) Includes liabilities / (assets) that impact cash or NOI and excludes non real estate loans and non-cash items such as the following (in thousands):

Unearned revenues	\$ 421,438
Below market tenant lease intangibles, net	26,429
Deferred taxes, net	(31,093)
Intangible assets, net	(61,383)
Other non-cash liabilities / (assets), net	 6,438
Total non-cash liabilities/(assets), net	\$ 361,829

(6) Represents \$1,280,696,000 of real estate loans, excluding development loans and including certain in substance real estate developments and held to maturity debt securities, and net of \$12,965,000 of credit allowances.

(7) Represents \$409,796,000 of non-real estate loans, net of \$151,800,000 of credit allowances.

(8) Average cash-pay interest rates are 6.6%, 2.2% and 5.8% for real estate, non-real estate loans and joint venture real estate loans, respectively. Rates exclude non-accrual/interest-free loans. (9) Represents partners' share of Welltower loans made to our partners in select joint ventures, secured by their interest in the joint venture properties.

(10) Represents the fair value of Genesis Healthcare, Inc. stock investment based on closing stock price at September 30, 2022 and estimated fair value of a 3.4% ownership in a Seniors Housing Operating portfolio excluded from IPNOI. (11) Represents proceeds from expected property dispositions in the next twelve months.

(12) See pages 10-11. Also includes expansion projects.

(13) Includes redeemable OP units.

Note:

(1) Please see discussion of Supplemental Reporting Measures on page 18. Includes amounts from investments sold or held for sale. NOI related to DownREITs included at 100%. Excludes NOI related to a leasehold portfolio interest for 26 properties assumed by a wholly-owned affiliate in conjunction with the Holiday Retirement transaction. Subsequent to the initial transaction, we purchased eight of the leasehold portfolio interest for 26 properties assumed by a heldlord and removed from the lease. No rent was paid in excess of net cash flow relating to the leasehold properties and therefore, the leasehold interests were excluded from NOI and relevant metrics such as property count, unit count, IPNOI. same store NOI, REVPOR and same store REVPOR. Effective April 1, 2022, the lease was terminated and the related lease termination income was also excluded from NOI.

Notes:

(1) Please see discussion of Supplemental Reporting Measures on page 18.
(2) Amounts include unamortized premiums/discounts and other fair value adjustments as reflected on the balance sheet.
(3) Includes financing lease liabilities of \$109,414,000 and excludes operating lease liabilities of \$301,001,000 related to ASC 842 adoption.

(4) Includes all noncontrolling interests (redeemable and permanent) as reflected on our balance sheet.

(5) Net of Welltower's share of unconsolidated debt and minority partners' share of Welltower consolidated debt.

Notes:

(1) Represents principal amounts due excluding unamortized premiums/discounts or other fair value adjustments as reflected on the balance sheet.

(2) The 2026 maturity reflects the \$615,000,000 in principal outstanding on our unsecured commercial paper program as of September 30, 2022. The unsecured revolving credit facility is comprised of a \$1,000,000,000 tranche that matures on June 4, 2026 (none outstanding at September 30, 2022) and a \$3,000,000,000 tranche that matures on June 4, 2025 (\$40,000,000 outstanding at September 30, 2022). Both tranches may be extended for two successive terms of six months at our option. Commercial paper borrowings using the extended maturity date of the unsecured revolving credit facility.

(3) 2027 includes a \$1,000,000,000 unsecured term loan and a CAD \$250,000,000 unsecured term loan (approximately \$181,792,000 USD at September 30, 2022). The loans mature on July 19, 2026. The interest rates on the loans are adjusted SOFR + 0.85% for USD and CDOR + 0.85% for CAD. Both term loans may be extended for two successive terms of six months at our option.

(4) 2027 includes CAD \$300,000,000 of 2.95% senior unsecured notes (approximately \$218,150,000 USD at September 30, 2022) that matures on January 15, 2027.

(5) 2028 includes £550,000,000 of 4.80% senior unsecured notes (approximately \$612,370,000 USD at September 30, 2022). The notes mature on November 20, 2028.

(6) Thereafter includes £500,000,000 of 4.50% senior unsecured notes (approximately \$556,700,000 USD at September 30, 2022). The notes mature on December 1, 2034. (7) Excludes operating lease liabilities of \$301,001,000 and finance lease liabilities of \$109,414,000 related to ASC 842 adoption.

(8) Based on variable interest rates and foreign currency exchange rates in effect as of September 30, 2022. The interest rate on the unsecured revolving credit facility is adjusted SOFR + 0.775%. Commercial paper, senior notes and secured debt average interest rate represents the face value note rate. Includes the impact of notional swaps and caps to convert fixed rate debt to SOFR-based floating rate debt, LIBOR-based floating rate debt and CDOR-based floating rate debt.

(9) Represents notional value of foreign currency derivative contracts at end of period spot FX rates. The fair market value of the gains (losses) of these contracts is currently USD \$400,356,000, as represented in other assets (liabilities) on the balance sheet. We supplement our local currency debt with foreign currency derivative contracts to offset the translation and economic exposures related to our international investments. Currently, our foreign currency derivatives are comprised of forward contracts and cross-currency swaps.

Age: Current year, less the year built, adjusted for major renovations. Average age is weighted by pro rata NOI.

Cap-ex, Tenant Improvements, Leasing Commissions: Represents amounts incurred for: 1) recurring and non-recurring capital expenditures required to maintain and re-tenant our properties; 2) second generation tenant improvements; and 3) leasing commissions paid to third party leasing agents to secure new tenants.

Construction Conversion: Represents completed construction projects that were placed into service and began generating NOI.

EBITDAR: Earnings before interest, taxes, depreciation, amortization and rent. The company uses unaudited, periodic financial information provided solely by tenants/borrowers to calculate EBITDAR and has not independently verified the information.

EBITDAR Coverage: Represents the ratio of EBITDAR to contractual rent for leases or interest and principal payments for loans. EBITDAR coverage is a measure of a property's ability to generate sufficient cash flows for the operator/borrower to pay rent and meet other obligations. The coverage shown excludes properties that are unstabilized, closed or for which data is not available or meaningful.

EBITDARM: Earnings before interest, taxes, depreciation, amortization, rent and management fees. The company uses unaudited, periodic financial information provided solely by tenants/borrowers to calculate EBITDARM and has not independently verified the information.

EBITDARM Coverage: Represents the ratio of EBITDARM to contractual rent for leases or interest and principal payments for loans. EBITDARM coverage is a measure of a property's ability to generate sufficient cash flows for the operator/borrower to pay rent and meet other obligations, assuming that management fees are not paid. The coverage shown excludes properties that are unstabilized, closed or for which data is not available or meaningful.

Health System: Includes independent, assisted living, dementia care and long-term/post-acute care properties subject to triple-net operating leases to or guaranteed by investment-grade health systems.

Health System - Affiliated: Outpatient medical properties are considered affiliated with a health system if one or more of the following conditions are met: 1) the land parcel is contained within the physical boundaries of a hospital campus; 2) the land parcel is located adjacent to the campus; 3) the building is physically connected to the hospital regardless of the land ownership structure; 4) a ground lease is maintained with a health system entity; 5) a master lease is maintained with a health system entity; 6) significant square footage is leased to a health system entity; 7) the property includes an ambulatory surgery center with a hospital partnership interest; or (8) a significant square footage is leased to a physician group that is either employed, directly or indirectly by a health system, or has a significant clinical and financial affiliation with the health system.

Long-Term/Post-Acute Care: Includes all skilled nursing, rehabilitation and long-term/post-acute care facilities where the majority of individuals require 24-hour nursing or medical care. Generally, these properties are licensed for Medicaid and/or Medicare reimbursement and are subject to triple-net operating leases. Most of these facilities focus on higher acuity patients and offer rehabilitation units specializing in cardiac, orthopedic, dialysis, neurological or pulmonary rehabilitation.

MSA: For the United States and Canada, we use the Metropolitan Statistical Area as defined by the U.S. Census Bureau and the Census Metropolitan Areas as defined by Statistics Canada, respectively. For the United Kingdom, we generally use the Metro Region as defined by EuroStat with Greater London defined as a 55-mile radius around the city's center.

Occupancy: Outpatient Medical occupancy represents the percentage of total rentable square feet leased and occupied, including month-to-month leases, as of the date reported. Occupancy for all other property types represents average quarterly operating occupancy based on the most recent quarter of available data and excludes properties that are unstabilized, closed or for which data is not available or meaningful. The company uses unaudited, periodic financial information provided solely by tenants/borrowers to calculate occupancy and has not independently verified the information. Occupancy metrics are reflected at our pro rata share.

Outpatient Medical: Outpatient medical buildings include properties offering ambulatory medical services such as primary and secondary care, outpatient surgery, diagnostic procedures and rehabilitation. These properties are typically affiliated with a health system and may be located on a hospital campus. They are specifically designed and constructed for use by health care professionals to provide services to patients. They also include medical office buildings that typically contain sole and group physician practices and may provide laboratory and other specialty services.

Seniors Housing Operating (SHO): Includes independent, assisted living and dementia care properties in the U.S. and Canada and all care homes in the U.K. structured to take advantage of the REIT Investment Diversification and Empowerment Act of 2007.

Seniors Housing Triple-net (SH-NNN): Includes independent, assisted living, and dementia care properties in the U.S. and Canada and all care homes in the U.K. subject to triple-net operating leases and loans receivable.

Square Feet: Net rentable square feet calculated utilizing Building Owners and Managers Association measurement standards.

Stable: Generally, a triple-net rental property is considered stable (versus unstabilized or under development) when it has achieved EBITDAR coverage of 1.00x or greater for three consecutive months or, if targeted performance has not been achieved, 12 months following the budgeted stabilization date. Triple-net properties for which income is recognized on a cash basis and for which substantially all contractual rent during the period has not been collected are excluded from the stable portfolio. A Seniors Housing Operating facility is considered stable upon the earliest of 90% occupancy, NOI at or above the underwritten target or 12 months past the underwritten stabilization date. Excludes assets held for sale and assets disposed of during the current quarter.

Unstabilized: An acquisition that does not meet the stable criteria upon closing or a construction property that has opened but not yet reached stabilization.

We believe that revenues and net income, as defined by U.S. generally accepted accounting principles ("U.S. GAAP"), are the most appropriate earnings measurements. However, we consider EBITDA, Adjusted EBITDA, REVPOR, SS REVPOR, NOI, In-Place NOI ("IPNOI") and SSNOI to be useful supplemental measures of our operating performance. Excluding EBITDA and Adjusted EBITDA, these supplemental measures are disclosed on our pro rata ownership basis. Pro rata amounts are derived by reducing consolidated amounts for minority partners' noncontrolling ownership interests and adding our minority ownership share of unconsolidated amounts. We do not control unconsolidated investments. While we consider pro rata disclosures useful, they may not accurately depict the legal and economic implications of our joint venture arrangements and should be used with caution.

We define NOI as total revenues, including tenant reimbursements, less property operating expenses. Property operating expenses represent costs associated with managing, maintaining and servicing tenants for our properties. These expenses include, but are not limited to, propertyrelated payroll and benefits, property management fees paid to operators, marketing, housekeeping, food service, maintenance, utilities, property taxes and insurance. General and administrative expenses represent costs unrelated to property operations or transaction costs. These expenses include, but are not limited to, payroll and benefits, professional services, office expenses and depreciation of corporate fixed assets. IPNOI represents NOI excluding interest income, other income and non-IPNOI and adjusted for timing of current quarter portfolio changes such as acquisitions, development conversions, segment transitions, dispositions and investments held for sale. SSNOI is used to evaluate the operating performance of our properties using a consistent population which controls for changes in the composition of our portfolio. As used herein, same store is generally defined as those revenue-generating properties in the portfolio for the relevant year-over-year reporting periods. Acquisitions and development conversions are included in the same store amounts five full quarters after acquisition or being placed into service. Land parcels, loans and sub-leases, as well as any properties sold or classified as held for sale during the period, are excluded from the same store amounts. Redeveloped properties (including major refurbishments of a Seniors Housing Operating property where 20% or more of units are simultaneously taken out of commission for 30 days or more or Outpatient Medical properties undergoing a change in intended use) are excluded from the same store amounts until five full quarters post completion of the redevelopment. Properties undergoing operator transitions and/or segment transitions are also excluded from the same store amounts until five full quarters post completion of the operator transition or segment transition. In addition, properties significantly impacted by force majeure, acts of God or other extraordinary adverse events are excluded from same store amounts until five full quarters after the properties are placed back into service. SSNOI excludes non-cash NOI and includes adjustments to present consistent property ownership percentages and to translate Canadian properties and UK properties using a consistent exchange rate. Normalizers include adjustments that in management's opinion are appropriate in considering SSNOI, a supplemental, non-GAAP performance measure. None of these adjustments, which may increase or decrease SSNOI, are reflected in our financial statements prepared in accordance with U.S. GAAP. Significant normalizers (defined as any that individually exceed 0.50% of SSNOI growth per property type) are separately disclosed and explained. We believe NOI. IPNOI and SSNOI provide investors relevant and useful information because they measure the operating performance of our properties at the property level on an unleveraged basis. We use NOI, IPNOI and SSNOI to make decisions about resource allocations and to assess the property level performance of our properties.

REVPOR represents the average revenues generated per occupied room per month at our Seniors Housing Operating properties. It is calculated as our pro rata version of total resident fees and services revenues from the income statement divided by average monthly occupied room days. SS REVPOR is used to evaluate the REVPOR performance of our properties under a consistent population which eliminates changes in the composition of our portfolio. It is based on the same pool of properties used for SSNOI and includes any revenue normalizations used for SSNOI. We use REVPOR and SS REVPOR to evaluate the revenue-generating capacity and profit potential of our Seniors Housing Operating portfolio independent of fluctuating occupancy rates. They are also used in comparison against industry and competitor statistics, if known, to evaluate the quality of our Seniors Housing Operating portfolio.

We measure our credit strength both in terms of leverage ratios and coverage ratios. The leverage ratios indicate how much of our balance sheet capitalization is related to long-term debt, net of cash and restricted cash. We expect to maintain capitalization ratios and coverage ratios sufficient to maintain a capital structure consistent with our current profile. The ratios are based on EBITDA and Adjusted EBITDA. EBITDA is defined as earnings (net income per income statement) before interest expense, income taxes, depreciation and amortization. Adjusted EBITDA is defined as EBITDA excluding unconsolidated entities and including adjustments for stock-based compensation expense, provision for loan losses, gains/losses on extinguishment of debt, gains/losses/impairments on properties, gains/losses on derivatives and financial instruments, other expenses, other impairment charges and other adjustments deemed appropriate in management's opinion. We believe that EBITDA and Adjusted EBITDA, along with net income, are important supplemental measures because they provide additional information to assess and evaluate the performance of our operations. We primarily use these measures to determine our interest coverage ratio, which represents EBITDA and Adjusted EBITDA divided by total interest, and our fixed charge coverage ratio, which represents EBITDA and Adjusted EBITDA divided by fixed charges. Fixed charges include total interest and secured debt principal amortization. Our leverage ratios include net debt to Adjusted EBITDA, book capitalization, undepreciated book capitalization and market capitalization. Book capitalization represents the sum of net debt (defined as total long-term debt, excluding operating lease liabilities, less cash and cash equivalents and restricted cash), total equity and redeemable noncontrolling interests. Undepreciated book capitalization represents book capitalization adjusted for accumulated depreciation and amortization. Market capitalization represents book capitalization adjusted for the fair market value of our common stock. Our leverage ratios are defined as the proportion of net debt to total capitalization.

Our supplemental reporting measures and similarly entitled financial measures are widely used by investors, equity and debt analysts and rating agencies in the valuation, comparison, rating and investment recommendations of companies. Our management uses these financial measures to facilitate internal and external comparisons to historical operating results and in making operating decisions. Additionally, these measures are utilized by the Board of Directors to evaluate management. None of the supplemental reporting measures represent net income or cash flow provided from operating activities as determined in accordance with U.S. GAAP and should not be considered as alternative measures of profitability or liquidity. Finally, the supplemental reporting measures, as defined by us, may not be comparable to similarly entitled items reported by other real estate investment trusts or other companies. Multi-period amounts may not equal the sum of the individual quarterly amounts due to rounding.

Notes:

(1) Represents Welltower's interests in joint ventures where Welltower is the minority partner.

(2) Represents minority partners' interests in joint ventures where Welltower is the majority partner and includes an adjustment to remove revenues and NOI related to certain leasehold properties. See page 15 for more information. (3) Represents SHO revenues/NOI at Welltower pro rata ownership. See pages 13 & 20 for more information.

(4) Includes where appropriate adjustments to reflect consistent property ownership percentages, to translate Canadian properties at a USD/CAD rate of 1.2738 and to translate UK properties at a GBP/USD rate of 1.3501. (5) Represents SS SHO revenues/SSNOI at Welltower pro rata ownership. See page 20 for more information.

(6) Represents average occupied units for SS properties related solely to referenced country on a pro rata basis.

(7) Represents pro rata SS average revenues generated per occupied room per month.

(8) Represents normalizing adjustment related to amounts recognized related to the Health and Human Services Provider Relief Fund in the United States and similar programs in the United Kingdom and Canada. (9) Represents normalizing adjustment related to casualty related expenses net of any insurance reimbursements. (10) Represents aggregate normalizing adjustments which are individually less than .50% of SSN0I growth.

(11) Represents average units in service for SS properties related solely to referenced country on a pro rata basis.

Forward-Looking Statement and Risk Factors

Forward-Looking Statements and Risk Factors

This document contains "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. When Welltower uses words such as "may," "will," "intend," "should," "believe," "expect," "anticipate," "project," "pro forma," "estimate" or similar expressions that do not relate solely to historical matters, Welltower is making forward-looking statements. Forward-looking statements are not guarantees of future performance and involve risks and uncertainties that may cause Welltower's actual results to differ materially from Welltower's expectations discussed in the forward-looking statements. This may be a result of various factors, including, but not limited to: the impact of the COVID-19 pandemic; uncertainty regarding the implementation and impact of the CARES Act and future stimulus or other COVID-19 relief legislation; the status of the economy; the status of capital markets, including availability and cost of capital; issues facing the health care industry, including compliance with, and changes to, regulations and payment policies, responding to government investigations and punitive settlements and operators'/tenants' difficulty in cost effectively obtaining and maintaining adequate liability and other insurance; changes in financing terms; competition within the health care and seniors housing industries; negative developments in the operating results or financial condition of operators/tenants, including, but not limited to, their ability to pay rent and repay loans; Welltower's ability to transition or sell properties with profitable results; the failure to make new investments or acquisitions as and when anticipated; natural disasters and other acts of God affecting Welltower's properties; Welltower's ability to re-lease space at similar rates as vacancies occur; Welltower's ability to timely reinvest sale proceeds at similar rates to assets sold; operator/tenant or joint venture partner bankruptcies or insolvencies; the cooperation of joint venture partners; government regulations affecting Medicare and Medicaid reimbursement rates and operational requirements; liability or contract claims by or against operators/tenants; unanticipated difficulties and/or expenditures relating to future investments or acquisitions; environmental laws affecting Welltower's properties; changes in rules or practices governing Welltower's financial reporting; the movement of U.S. and foreign currency exchange rates; Welltower's ability to maintain its qualification as a REIT; key management personnel recruitment and retention; and other risks described in Welltower's reports filed from time to time with the SEC. Welltower undertakes no obligation to update or revise publicly any forward-looking statements, whether because of new information, future events or otherwise, or to update the reasons why actual results could differ from those projected in any forward-looking statements.

Additional Information

The information in this supplemental information package should be read in conjunction with our Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, our earnings press release dated November 7, 2022 and other information filed with, or furnished to, the SEC. The Supplemental Reporting Measures and reconciliations of Non-GAAP measures are an integral part of the information presented herein.

You can access our Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Exchange Act at www.welltower.com as soon as reasonably practicable after they are filed with, or furnished to, the SEC. You can also review these SEC filings and other information by accessing the SEC's website at http://www.sec.gov. We routinely post important information on our website at www.welltower.com in the "Investors" section, including corporate and investor presentations and financial information. We intend to use our website as a means of disclosing material, non-public information and for complying with our disclosure obligations under Regulation FD. Such disclosures will be included on our website under the heading "Investors." Accordingly, investors should monitor such portion of our website in addition to following our press releases, public conference calls and filings with the SEC. The information on or connected to our website is not, and shall not be deemed to be, a part of, or incorporated into this supplemental information package.

About Welltower

Welltower Inc. (NYSE:WELL), an S&P 500 company headquartered in Toledo, Ohio, is driving the transformation of health care infrastructure. The Company invests with leading seniors housing operators, post-acute providers and health systems to fund the real estate and infrastructure needed to scale innovative care delivery models and improve people's wellness and overall health care experience. Welltower™, a REIT, owns interests in properties concentrated in major, high-growth markets in the United States, Canada and the United Kingdom, consisting of seniors housing and post-acute communities and outpatient medical properties. More information is available at www.welltower.com.
